Age: Baby  
Gender: Male  
D.O.B.: 3/13/2019  
Coat: Long  
Shots: Up-to-date

## About:

Hi! I am Cohen and I am the sweetest boy around! I was in a shelter before coming to Adopt a Pit Rescue. I wasn't walking to well and turns out I hurt my leg so bad I needed to have it removed. But don't worry! I'm still a happy and playful puppy that get's around even better now! I am timid around new people and sometimes I will bark and hide from them. But after some time and if they have treats, I will warm up to them. I love treats! I am still learning my crate is not a bad place. I spent so much time in a shelter that I would rather be on your couch cuddling! I may voice my unhappiness but I get bored and eventually start chewing my toys. I am working on potty training and my foster siblings are a great load of help with that! I love other dogs so much I hope my new home has one for me to bond with. My foster mom says I am a "velcro dog" when it comes to having another dog around. I have 3 foster siblings who I love to be around all the time. I love to cuddle and run around in the back yard with my siblings. Cats are okay but they like to run and I like to chase, so they don't like me very much. I like kids a lot too! I don't like to rough house or play hard. I just like to play tag and run around with my dog friends or human friends. I am neutered, vaccinated, microchipped, and ready to find my forever home! Cohen's adoption fee is \$200.
