About:

Eugene is a beautiful six month old puppy that found himself all alone, his favorite person is his 8 year old foster sister! When he came to Adopt a Pit Rescue it was the first time he had been apart from his mom and sibling and clearly he had to be the man of the family. He is the sweetest puppy that loves to give kisses anytime you'll let him. All he wants is a place to call his own with people that make him feel wanted! He has a hilarious "yodel" to express his opinion but it stops as soon as you are done laughing to tell him to stop! Adopt this sweet boy and make him the man of your house! He has the best coat and super soft ears! He LOVES kids, is good with other dogs, cats, ducks, cows and more! Eugene's adoption fee is \$200.
