Coat:              Medium  
Shots:            Up-to-date  
Training:         House-trained

## About:

Hi! My names June Bug and I just wandered into my foster mom's yard with my brother Jitter bug. We were lost and had been in people's trash cause we were starving. We thought it was okay cause the people didn't want it anymore. But my foster mom says dogs should have dog food and boy is it great! I love to be silly and play with my brother. But I really just want someone to hold me and tell me that I won't have to be outside on my own again. It was nice to have my brother but it was scary! I'm just a baby! I know "sit" and "get in your bed" already! Won't you hold me tonight?? Please adopt me!
