About:

Hi my name is Kringle! I got lost & ended up at the shelter. I was scared of the noise & commotion so the shelter asked the rescue to come get me. I am so much happier in my foster home! I love the other dogs, I love the people & I even like cats! I'm about 8 months old so I'm still just a baby! I bounce through the house & my foster momma said she should have named me Tigger. But why walk even bouncing gets you places so much faster?? I have this whole potty training thing down & I don't mind being in my crate! I love food... treats... toys... I'm Super easy to please!! The shelter had me listed as a beagle. My foster mama thinks I'm a boxer mix... The real truth is that I'm probably mostly mutt. I weigh about 30 lbs. Apply to adopt me today!! I'll be your best friend!
