### About:

Melissa is a sweet little Pitbull. She is very affectionate and loves to be close to her people, even sitting in their lap for cuddles. Her and her brother were pulled from a local shelter due to their skin condition. Both are clearing up and hair is growing back, Demodex is non-contagious to other pets and humans.

Melissa takes care of her brother and is really nurturing. She is more adventurous of the two. She loves to get Maliek to play, he loves to get her to snuggle. She is playful and is learning to play with toys. She would do best with another dog in the house. Melissa will snuggle with cats, but if they run in front of her she will chase them although she is easy re-directed. She has learned to love to ride in the car and go different places. She is crate trained and doing well with potty training if kept on a schedule, but may need continued work. She is doing well with walking on a leash and comes when called. If you are looking for an all around affectionate girl who would love to join you on life's adventures, Melissa would be the perfect choice!

Melissa's adoption fee is \$200.
