About:

This is the Adams Family! Morticia, Pugsley, Gomez and Wednesday were born in a warehouse in Reading. A fellow rescuer called us to see if we could take them in. The mom was feral, and although they caught all 4 kittens, she managed to steal one away while they were gathering them together! We had to set a trap overnight to catch the mom, but that still left one lone kitten out there. Thankfully we caught the mom, and the next day the owner of the warehouse found the last kitten....what a relief! Mom is now spayed and back at her cat colony and her babies are looking for homes. Pugsley and Gomez are a bonded pair that really need to be adopted together. They are very loving, affectionate and playful kittens. The love to play with their cat toys and climb their cat tree. They are great with other cats and are ready for their forever homes! Born around 3/14/2021, they are fixed, microchipped, vaccinated and negative for fiv/felv. Adoption fee 2 for \$100. Kittens are better in pairs! Here is a link to our application <http://purrfectfriendscatrescue.org/adoptform.html>
