## About:

Meet Tangee's babies - Gunner, Ruger, Pistol, Beretta and Kimber. Born outside - living in a shed in a not so great part of town....they were luckily seen and we were contacted. Their mom, Tangee is very friendly and talkative. We think they will be too! Ruger is not as brave as his brother, but he gets better every day! Born beginning of April 2019, they are fixed, vaccinated, microchipped and negative for fiv/felv. Adoption fee \$70 or we prefer to adopt in pairs for \$100! Fill out our application at <http://purrfectfriendscatrescue.org/adoptform.html> if interested in one or two cuties.
