About:

Francis is a healthy, strikingly gorgeous kitten! She loves her toys, playing in her cat tree and frolicking with her sister Snooter. What a delightful kitten she is and has beautiful markings too! They always are happier with another Kitty friend in their life.. We do offer a discount when you adopt a sibling or another kitty at the same time from us. She is an indoor kitten only and no declawing will be permitted. It can ruin their life forever.
